

UN - CLOG - IT DESCALING KIT

UN - CLOG - IT is a simple, inexpensive, do-it-yourself method of dissolving harmful mineral buildup from water lines. Minerals occurring in hard water will adhere to the sides of copper pipe, gradually choking the water path and eventually interfering with the normal operation of your water heating and cooling appliances.

UN - CLOG - IT dissolves mineral buildup by circulating a safe hot acid solution. Regular use will both ensure proper operation as well as extend the life of your appliance

Tankless Water Heater

UN - CLOG - IT Descaling Kit is ideal for cleaning:

- TANKLESS WATER HEATERS
- SPA AND HOT TUB HEATERS
- ICE MACHINES
- COFFEE BREWING EQUIPMENT
- WATER COOLERS
- AIR CONDITIONERS
- COOLING JACKETS
- HUMIDIFIERS

UN - CLOG - IT can save your appliances and prevent costly repairs. So don't forget it!
